Rwanda asylum flight This is an extract from a recently made this statement by Bishop Paul McAleenan is Chair of the Office for Migration Policy at the Catholic Bishops' Conference about the plan: *the result will compound the suffering of those who are already victims. Crime is defeated by confronting the perpetrators not by punishing victims. This scheme will*

increase the difficulties of those hoping for a new beginning, and it does nothing to address the problems which cause people to flee their homes. Migration is a complex issue, but it is not resolved by delegating our roles and responsibilities to other countries. Our starting point should be the innate dignity of every person, created in the image and likeness of God. Our Christian faith demands that we respond generously to asylum seekers whose dignity must be protected and upheld...

With greater force we insist that asylum seekers are not commodities for profit, nor are they problems to be rejected and deported by government. Instead we should be guided by the four verbs provided by Pope Francis in our approach to migrants and refugees, 'Welcome, protect, promote and integrate'.

Although the flight was cancelled, Government policy is unchanged. If you would like to contact our Member of Parliament write to: Kate Osborne MP, House of Commons, London SW1A 0AA or send an e-mail to kate.osborne.mp@parliament.uk.
