

Impact of 2021 / 2022 Sport Premium Funding Spend

- This year we have sought to maintain our growing involvement in sports and physical activity outside of the curriculum, through active playtimes, the Daily Mile, active lessons, after school clubs, daily wake-up shake up activities and in taking part in more festivals and competitions through the South Tyneside School Sports Network.
- **100% of pupils participated in a School Games sports festival** again this year, some year groups more than once (Reception, Year 1, Year 2, Year 3 and Year 4, Year 5 and Year 6).
- Again, Year 5 and 6 entered league and cup competitions for which they received extra lunch-time coaching.
- We have set up a girl's football after school club too due to growing interest, run by one of our Teaching Assistants. Funds have been used to purchase brand new kits, whilst we had a successful bid for new footballs for this team.
- We took part in a whole school PE day in which Olympic athlete Lucy Turner visited school to promote the importance of physical activity and work through a fitness circuit with all classes.
- Equipment was also purchased, to maintain and develop a more active playground, in accordance with what lunchtime staff suggested was needed, following their active playground training.
- New equipment was also purchased for Sports Day, with each class receiving their own kit in order to practise prior to the day.
- As part of our affiliation to the South Tyneside School Sports Network a School Sports Organising crew was set up, comprised of two Year 5 and two Year 6 children to **increase participation in sport and physical activity during playtimes and lunchtimes.**
- They ran a questionnaire which identified Year 2 as our least active children and ran a multi-skills club at lunch time for them, planning and delivering with the support of our PE Coordinator. They also advertised events on our noticeboard and helped with the organisation and delivery of Sports Day. They also ran a 'Personal Best

Challenge' for all classes during lunch time, in which pupils were invited to take part in a range of activities, trying to beat their own score each time, thus **increasing participation in sport**.

- All children in school took part in a whole school PE day to **raise the profile of sport and physical activity** and took part in wake up shake up exercises and a dance-a-thon.
- Year 5 took part in a Beach enrichment day, which focused on orienteering skills.
- All children took part in a competitive sports day with medals being awarded for first three teams.
- The PE lead has been significantly involved in the writing of the new PE curriculum, developed alongside Primary and Secondary colleagues within the Bishop Chadwick Catholic Education Trust. This programme will be implemented from September 2022.

The total spend from Sport Premium for this year was:

Sport Premium Funding Breakdown:

<u>Resource</u>	<u>Amount Spent</u>
Affiliation to School Sports Network	£2500
Transport to competitions and festivals	£1920
