Dear Parent/Carer

### **CHRISTMAS CARD PROJECT**

Our school Christmas card project is a hugely popular fundraising event for school.

The children love creating designs, the parents enjoy seeing them, the PTA/School raises lots of money and we get huge pleasure from making it all happen!

You will have already received a Christmas card drawing template. Children will need to create their design inside the box on the right of the template. Parents should then complete the details on the left and return the template to school by the deadline of Friday 23rd September.

The templates will then be sent back to Digiprint Graphics Ltd who will create proofs which will then be sent to you to place your order. No money should be sent to school. Payment should be made online when you place your order.

Thank you for your continued support.

Yours sincerely

**FRIENDS OF ST. JOSEPH'S PTA**
